

TerpLoad Report

Proposed Schedule: CMSC330, CMSC351, STAT400

Overall Risk: High

Confidence: Medium

Reasoning:

CMSC330: project-heavy

CMSC351: exam-heavy

STAT400: harsh-grader, study-heavy

Main Warning: Projects and exam prep may stack badly in the same weeks

Professor Patterns:

CMSC351: Top reviewed professors show exam/grading risk varies by instructor.

- **Instructors:**

- Name, Source URL, Online Rating
- Name, Source URL, Online Rating

STAT400: Top reviewed professors show final exam difficulty varies

- **Instructors:**

- Name, Source URL, Online Rating
- Name, Source URL, Online Rating

Best Move: Doable, but don't add another heavy course. Start CMSC330 projects early and prep CMSC351 before exam week

EVIDENCE:

CMSC330: "PROJECTS 3-5 ARE BAD START EARLY"

Source: Link to source

CMSC351: "3 exams that make up 83% of your grade"

Source: Link to source

STAT400: "exams required a LOT of studying."
